

## REMARKS

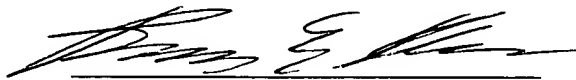

In preparing to pay the issue fee and to submit formal drawings in compliance with the Notice of Draftperson's Patent Drawing Review dated April 18, 2005, the undersigned Attorney found that Figures 1, 2 and 7 accompanying the Amendment dated May 11, 2004, were incorrectly amended to include the sectional hatching symbolic of resin or plastic cross sections on surface views of the illustrated sheath. Accordingly, submitted herewith are replacement sheets in which Figures 1, 2 and 7 have been amended to delete the incorrect hatching (which was not present on the figures as originally filed).

It is respectfully submitted that the replacement sheets conform to the requirements of Rule 84 and overcome the objections set forth in the referenced Notice. Entry thereof is respectfully requested.

This Amendment is being filed with the payment of the issue fee and the submission of formal drawings (conformed to the attached replacement sheets) for the subject application.

Please charge any fees that may be required by the filing of this paper to Deposit Account No. 12-1155.

Respectfully submitted,
